## Acquair Ventures Pvt. Ltd.

Intra-state break bulk

Acquair Ventures Pvt. Ltd. (AVPL) is a leading break bulk trucking service provider for Steel Coils, Project Cargo, ODC with over 115 heavy haulage trailers, currently transporting more than 10 million tons of cargo annually. It anticipates growth due to favourable economic policies stimulating investments in Indian manufacturing. Specializing in break bulk handling, AVPL collaborates with warehouses and Container Freight Stations (CFS) to enable efficient inventory management, reducing dwell time and costs. Beyond business, AVPL engages in social initiatives, ensuring safe transport from underdeveloped ports. Prioritizing safety, AVPL adopts technology, conducting rigorous testing and installing Speed Limiting Devices (SLD) and GPS tracking devices for fleet-wide safety and performance analysis.

## Acquair Ventures

Inter-state container trucking and breakbulk

Acquair Ventures (AV) excels in inter-state container trucking and breakbulk services, serving Fortune 500 companies and major Indian industries. Prioritizing internal development, AV recruits top-tier drivers and invests in advanced technologies for efficient deliveries. Stringent driver standards include thorough background checks and ongoing performance monitoring via tracking devices. Customized chassis and trailers meet regional road requirements. Operating in Maharashtra and Gujarat primarily, AV provides regional trucking with a dedicated fleet and nationwide cargo transportation through freight brokering. Utilizing specially engineered rubber skids with integrated nylon fabric ensures safe steel coil transport, offering superior protection over traditional wooden skids.

# MD's Message

## **Esteemed Patrons,**

Since our inception in 1991, the Acquair Group of companies has flourished into three independent entities serving nationwide. Through strategic expansions and timely adjustments, we have fortified our group, now recognized as a CRSIL-rated, IBA, ISO and AEO class accredited organization excelling in the field of Supply Chain Management. We extend our heartfelt gratitude to our dedicated employees and esteemed patrons for their unwavering trust and support.

Embracing integrated technology has been pivotal in enhancing our supply chain management capabilities. From implementing GPS in our vehicles to utilizing speed limiting devices and a tailored ERP system for data optimization, we are committed to efficiency and precision. Furthermore, we are in the process of developing a live cargo tracking platform, ensuring real-time insights into shipments.

Our commitment to excellence extends to safeguarding your valuable cargo. Hence, we've invested in sturdier cargo trolleys equipped with advanced materials, prioritizing the security of your shipments.

As we continue our journey towards sustainable growth, technological innovation remains at the forefront. We are relentlessly pursuing new milestones in Supply Chain Management, aiming to set new standards within the industry.

We deeply value the ongoing support of our business partners and eagerly anticipate the opportunity to extend our exceptional services to new customers. Together, let's continue to forge ahead towards a future of unparalleled success and collaboration

***Warm regards***
